NATURAL BALANCE

Wine is all about natural balance, purity and freshness.

We believe that these qualities can only be rightfully expressed when the soil and vineyards are respected.

OUR PHILOSOPHY

We work with various vineyards and like-minded farmers in the Swartland that share our vision.

Our focus is on different soil types, mountain terrain and mainly bush vines. In the cellar we have a minimal intervention approach.

DAVID & NADIA

David was born and bred in the Swartland and studied Viticulture and Oenology at the University of Stellenbosch.

It was here that he met and later married Nadia, a qualified soil scientist and viticulturist.
