

Top Timber Installers

Get it done on time and within budget...

About

Top Timber Installers is a project management company for timber installations in the Harmanus area.

OUR WORK

Each project is unique and we ensure that a carpenter with the correct skill-set is assigned to every project.

Decking

Expand your current floor space at home and create an area to hang out and enjoy good company or to store of into the distance.

Let Us Help You

Screening

Create privacy and points of interest around your garden & add value to your home at the same time.

Let Us Help You

Pergolas

A great and popular way to create a cool welcoming area away from the sun and give your home a face at the same time.

Let Us Help You

Planning

Projects are planned and specked by architects for our private clients and building contractors.

We ensure that every detail is considered and adhered to so we can deliver a premium line and any looks good that is sturdy too.

Installation

Installation is done for both main building contractors and the general public.

Top Timber Installers operate only according to the SANS 10382 (SABS) guidelines to ensure that you have a strong and stable structure.

Care

An oil finish is available as an option and only Bona Morecoat Hybrid Oil is used in various colours.

If you wish to not have any maintenance on your products you can leave it to weather to a natural grey colour.
